

PRE-READING ACTIVITY

Divide students into pairs, student A and student B. Give each student this worksheet and tell them that they have one minute to complete each task listed in the table.

Use an alarm clock to time the students.

Then, in their pairs, students compare their results.

	Student A	Student B
How many types of foods can you write in a minute?		
How many English first names can you write in a minute?		
How many animals can you write in a minute?		
How many countries can you write in a minute?		
How many places in a town can you write in a minute?
