

### WEBQUEST ON ENDANGERED ANIMALS

#### Webquest task:

*The Animal Foundation has asked your school to create a presentation about endangered species in order to give suggestions on how to help preserve them.*

**Process:** divide the students into pairs. Each pair of students has to choose an endangered animal from the list you can find by clicking on this link:

[https://www.worldwildlife.org/species/directory?direction=desc&sort=extinction\\_status](https://www.worldwildlife.org/species/directory?direction=desc&sort=extinction_status)

Each pair of students has to research information and complete this table:

NAME OF THE ENDANGERED ANIMAL	
ITS APPEARANCE AND DESCRIPTION (size, colour, etc.)	
HABITAT AND COUNTRIES WHERE IT LIVES	
FOOD IT EATS AND HOW IT GETS IT	
WHY IS IT ENDANGERED?	
HOW CAN WE HELP PRESERVE IT?	

Other useful websites:

- <https://kids.nationalgeographic.com/animals/>
- <https://animals.sandiegozoo.org/>

Students then prepare a presentation on the animal they have chosen on whatever way they prefer (PowerPoint presentations or other digital tools, videos, posters etc.). They should add nice pictures and include the information from all the five topics.

Students then present the class their work giving information about the endangered animal and how to help preserve it.
