

FOLLOW-UP FAMOUS PEOPLE GUESSING GAME

INSTRUCTIONS

- Ask the class to make a list of famous people (they can be alive or dead).
- The number of VIPs should correspond to the number of the students.
- Each student chooses one famous person from the initial list without revealing his/her choice to his/her peers.
- Give the class some minutes to jot down questions to ask the famous people listed.
- Then, each student, pretending to be the chosen VIP, gets up in front of the class to answer their peers' questions. The "Important Person" should give indirect, vague answers to make the game last longer.
