- Prepare your school bag in the morning. T / F
- Ask your mum or dad to wake you up. T / F
- Have a small breakfast. T / F

Hi! My name is Hannah and I'm 11 years old. My hobbies are swimming and playing the violin. I like swimming because it is healthy and is an important life skill; I like playing the violin because it's fun to play music with other people and make a nice sound.

I recently started secondary school - what about you? My favourite subjects are English, maths and science. Here are some important ideas when you start school:

Be organised. Pack your bag the evening before and do your homework!

Set an alarm in the morning or ask someone to wake you up. You don't want to be late!

Have a big breakfast! Yum Yum Yum!
